Dear Dr. Satoshi UCHIDA

I am sending you this email from an unofficial email ID as I am the head-hunter of this project and not the regular employee of this program. The official email ID of the concerned person is mentioned below

I trust this message finds you in good health and high spirits. My name is **Mr. Andrew Gabriel**, and I am honored to represent the **China Talent innovation hub**, a distinguished talent agency dedicated to fostering exceptional research collaborations in science and technology.

We have been closely monitoring your remarkable research contributions and are truly impressed by your dedication to advancing scientific knowledge. With great enthusiasm, we extend a unique opportunity to collaborate with leading enterprises, universities, and national labs on an exciting project. **The China Talent innovation hub** offers up to USD 20 million in project funding, alongside post-retirement welfare benefits and a three-year tenure to support your research endeavors long-term. Furthermore, we are pleased to provide online consultations, allowing you to work from your home country if preferred.

To explore this opportunity, we would like to schedule an online meeting with you at your earliest convenience within the next week. During this session, we will provide detailed information about our program and address any questions or concerns. Please let us know a date and time that suits you, ideally between 7 pm and 11 pm (Beijing time). However, we are more than willing to adjust to your availability.

If you're interested in learning more, please visit our official website at www.talentinnovationhub.com for comprehensive program information. You may also reach out to us directly via email at admin@talentinnovationhub.com

Before proceeding, please note the following eligibility criteria:

- Age limit: Applicants above 78 years of age are not eligible.
- Current engagements: Applicants currently working on projects or at universities within China are not eligible.
- PhD completion date: Applicants who completed their PhD after August 2023 are not eligible.

We greatly appreciate your attention to this invitation, and we eagerly await the opportunity to collaborate with you on projects that promise to bring groundbreaking advancements to the scientific community.

Thank you for considering this invitation, and we look forward to a fruitful partnership.
